

## DISORDER REIGNED IN HOUSE

### Rep. Mann Resorts to Filibuster to Defeat Claims Bill

## ABSENTEES ARRESTED

### By Sergeants are Forced to Return And Help Make a Quorum.

Washington, Feb. 18.—A filibuster, planned and executed by Representative Mann of Illinois, put the House of Representatives at a standstill.

And this in the face of the fact that there are only 11 legislative days remaining.

Speaker Cannon and others often have asserted that a majority of the House could do what it pleased, but yesterday's events proved otherwise.

It was private calendar day under the rules, and the business in order was the consideration of the omnibus war claims bill, which had already been passed by the Senate. The bill largely affects Southern claimants. At times the majority in favor of the bill was as high as 140, but Representative Mann was opposed to the bill and by dilatory tactics he succeeded in preventing action on it, although the House was in session from 10 a. m. until 9:25 o'clock last night. At that hour the advocates of the measure secured a recess until today, under the assumption that the legislative sitting of yesterday would be resumed.

It developed after this action, however, that they probably defeated their own purpose, for 11 o'clock now is the regular hour for meeting, and it is believed that Speaker Cannon will hold that today's sitting is a new legislative day. If he is successful in maintaining this ruling the omnibus claims bill is dead for this session of Congress.

The filibuster, largely a one-man affair, was one of the most remarkable in the history of the House. At one time last night, in order to secure a quorum, the Sergeant-at-arms was directed to arrest all absentees. With assistants that officer started in pursuit of the missing members, but before any arrests were made enough absentees drifted into the chamber to make a quorum, and further proceedings under the order were dispensed with.

While waiting for a quorum to appear the House was in much disorder. It was good-natured disorder, however, and there was a continuous gale of laughter.

Representative Mann during the day had resorted to every known parliamentary subterfuge to prevent action, and the members at times were much confused as to just where they stood. This was so much the case that at one juncture Representative Stanley of Kentucky arose to make a parliamentary inquiry.

"The gentleman will state it," directed Mr. Olmsted of Pennsylvania, the speaker pro tem.

"I desire to know if I am present, Mr. Speaker?" said Mr. Stanley, amid laughter and loud applause.

"The chair is informed by the clerk," replied Mr. Olmsted, with a grin, "that the gentleman from Kentucky is present."

Mr. Stanley sat down.

While waiting for a quorum Representative Rucker of Missouri, wanted to make a speech. Mr. Mann made the point of order that speeches were out of order in the absence of a quorum. The chair sustained the point.

"But I want to tell the House about an old soldier," insisted Mr. Rucker.

"The gentleman is out of order," ruled Mr. Olmsted.

"But this old soldier demands a hearing," shouted Mr. Rucker, amid renewed laughter, "and I am going to tell the House about him. You can't stop me, for the Sergeant-at-arms is outside arresting absentees. This old soldier won \$450 in the army playing chuck-a-luck or poker, I don't know which."

"The gentleman should inform the House definitely as to which game it was," suggested a member.

"But I don't know," insisted Mr. Rucker. "I am not an expert at either game."

Mr. Clayton, of Arkansas, here interrupted, to say that he had heard all the evidence in the case, and he could not tell himself whether it was "chuck-a-luck" or poker.

Anyway, Mr. Rucker said his soldier also had \$327 that he had earned in the army. The government took all his money away from him and then offered to return all except the poker money. The old soldier refused and has been fighting fifty years to get back his poker money. When he had concluded, amid much

confusion, Mr. Rucker gravely thanked the speaker for his courtesy.

During the time Mr. Rucker was talking, Representative Dwight of New York, the Republican whip, who had been speaking his mind in an undertone, but in no uncertain terms, about the whole proceeding, Representative Reeder thereupon moved that Mr. Dwight be permitted to extend his remarks in the Record. As Mr. Dwight stalked out of the chamber the chair announced that it could not accept the motion in the absence of a quorum.

The fight over the omnibus claims bill will be renewed today and it advocates of the measure cannot hold the majority they mustered yesterday, there is likely either to be an overruling of the speaker or another filibuster.

By a vote of 9 to 3 the house committee on merchant marine and fisheries voted to report favorably the Holston bill to enable the secretary of the navy to provide a naval auxiliary of scouts, auxiliary cruisers, transports and fleet colliers.

Under the bill the secretary would be authorized to contract with American citizens for supplying vessels of American ownership and registry and engaged in the foreign trade to form such an auxiliary. The bill contains limitations of \$2,000,000 in subsidies which would be paid on contracts for the carrying of the mails. Friends of the measure do not count upon getting action upon this or any other subsidy measure at this session.

Upon motion of Senator Gore of Oklahoma, the senate adopted a resolution directing the postmaster general to advise whether there has been continued violation of Section 181 of the Criminal Code of the United States, which makes it unlawful for any private express company to carry for hire any letter or packet over any post route where the mail is regularly carried.

The resolution further requested information as to whether any steps had ever been taken to punish violations.

Mann kept up his tactics today and held the house helpless. The clerk was forced to read all the 188 pages of the omnibus claims bill and he droned along in a voice scarcely audible. Whenever the floor cleared Mann would arise and suggest that the part now being read is very important and would call attention to the absence of a quorum and demand a roll call. His performance looks like a direct plot in certain quarters to force an extra session.

### Cracked Safe in Express Car and Secured \$700 in Cash

## POSSES HUNTING THEM

### Train Flagged Near Gainesville, Ga.—Fifty Thousand in Cash Overlooked.

Atlanta, Ga., Feb. 18.—Five train robbers successfully held up a north-bound passenger train at 2 o'clock this morning at White Sulphur Springs, near Gainesville, Ga. They cracked the safe in the express car and obtained \$700 in cash.

The desperadoes got a long lead on posses which attempted today to trail them.

A mix-up in their fuses prevented the robbers from getting \$50,000 in cash which was in the larger of two safes in the express car.

The train was flagged with a red lantern and when it came to a stop the engineer was covered. The negro fireman jumped and took to the woods, not having been seen since. Conductor Mooney left the train to see what the trouble was and was greeted by the muzzles of two big six shooters. Two robbers held him up and kept the engineer covered while the others entered the express car.

The robbers had explosives ready and placed them under each safe in the car. The fuse at the smaller safe was lighted too soon and it exploded first. The concussion put out the other fuse. The sight of the \$700 revealed in the cracked safe was sufficient for the robbers. They seized it and did not attempt to blow up the big safe. It was a mere chance that saved the \$50,000.

## WOULD GOBBLE INDEPENDENT EXCHANGES

Cleveland, Feb. 18.—The Morgan plan to gobble up the independent telephone companies throughout the country was exposed today by J. H. Wright of Jamestown, N. Y., recently elected to the directorate of the Independent association.

One of the chief features of the Morgan scheme was the passage of the Elson bill in the Ohio legislature and the subsequent passage of bills designed after it in all state legislatures. Wright says if passed it would cripple the independent long distance service in Ohio. The reason the independents are keeping quiet, according to Wright, is because they are afraid of Morgan.

## VANDALS DERAILED PASSENGER TRAIN

Scottville, Pa., Feb. 18.—A Philadelphia & Reading passenger train went over an embankment at Lostey early today and killed the engineer, Sam Gilmer. None of the passengers was injured. A wedged switch indicates that the train was maliciously derailed.

## JUDGE BLAIR'S CONTEMPT CHARGE PROVES FAILURE

Portsmouth, O., Feb. 25.—The committee appointed by Judge Blair of this place, to investigate the charges made by Homer Durand several weeks ago in Columbus, reported today. With regard to holding the Enquirer for contempt proceedings because of the fact that the paper printed the story of Durand's denunciation of Judge Blair, the committee reported that the paper could not be held for contempt.

As to the personal charge that Durand be held for contempt, one of the members thought he could, and the other held that it was probably impossible and if there was a possibility, that the proceedings would have to be brought in Adams county. Judge Blair announced that the matter would be dropped.

## FIRE DESTROYS BIG ELEVATOR

Chicago, Feb. 28.—The Calumet elevator, containing 500,000 bushels of grain, was destroyed by fire this morning, with a loss of \$500,000.

## STONE PILE AWAITS THE INVADERS

Fresno, Cal., Feb. 18.—The news that five hundred industrial workers of the world are marching on Fresno to secure free speech is not worrying the local officials. The police have already rounded up fifteen wondering I. W. W. men and put them to work on the stone pile, and the chief says he has plenty of hammers for any more who come. The I. W. W. invasion is the result of the arrest of free speakers here which the I. W. W. called curtailment of free speech.

## MAINE TO VOTE ON PROHIBITION

Augusta, Maine, Feb. 18.—After many years of trial of prohibition of the manufacture and sale of intoxicating liquor in the state of Maine, the Legislature has provided for the re-submission of the question to the voters of the state at a special election next September.

It required a two-thirds vote of both houses of the Legislature to pass the resolution. The vote in the Senate in favor of re-submission stood 23 to 7. The prohibition question was made an important issue in the campaign of the last election after a lifetime test of the question of the state.

### ENDS STATE PROHIBITION.

Montgomery, Ala., Feb. 18.—The Parks local option bill, making the county a unit in voting on the liquor question, passed the state senate today in practically the same shape that it came to the house. This puts an end to state wide prohibition in Alabama.

Such a proceeding is considered equivalent to a declaration of willingness and even desire for war.

Russia plans, it is said, to re-occupy the III region of Chinese Turkestan. Kuldja will be the first town seized.

Russia is aggrieved over the alleged violation by China of the treaty of 1881, under which the Russians evacuated the III province, after having held it for ten years, in return for which Russia was to receive commercial concessions in III, Mongolia and Manchuria. It is said that these rights have gradually been curtailed until the treaty is practically at an end.

Among the violations alleged against China are the hindering of Russian merchants from selling tea in Chinese territory and the refusal to permit Russian consuls in many Chinese cities.

Russia has notified Great Britain, France and Germany of her intention to make a demonstration on the Russo-Chinese frontier.

## PASTOR WORE FALSE BEARD

Newark, N. J., Feb. 18.—For a clergyman to attend a religious meeting in a false beard and other disguise is highly unethical, according to the local police. Consequently a man who describes himself as the Rev. Stanley Geis, a Methodist minister of Lexington, Ky., is today held by the Newark police pending a more satisfactory explanation of his masquerade. The reputed clergyman said he adopted the disguise as he wanted to attend a meeting held by Miss M. T. Draper of Brooklyn, and with her unaware of his identity refute some of her views on theology.

## NEW RAILROAD SERVICE FROM COAST TO COAST

New York, Feb. 18.—A new trans-continental railroad with through train service from coast to coast is the cause underlying the recent maneuver to get control of the Missouri Pacific according to Wall Street rumors today. The rumored route is from New York to Huntington, Ind., via the Erie to Kansas City, Mo., via the Wabash to Pueblo, Colo., via the Missouri Pacific to Omaha, Neb., via the Rio Grande, to San Francisco, via the Western Pacific.

If that route is brought to the fore it will have a great effect on the important city in the country, and enormous trade facilities.

## WEALTH PILING UP IN THE HANDS OF A FEW AT EXPENSE OF THE WORKMEN

New York, Feb. 18.—"The average employe in this country produces yearly \$1250. Of this he gets \$427. The remainder, \$843 goes into the hands of other men, the capitalist or the exploiters of labor."

Frederick T. Martin, millionaire, makes this statement in the March "Everybody's." He goes on to say that for thirty years America has been piling up wealth in the hands of men who do not work, now the proportion of idle rich alarm every student who studies it. The middle class, the backbone of any nation, is rapidly thinning out. Five years ago America worshipped multi-millionaires, now it hates great wealth. The revelation of the muckrakers have made the nation heartsick. The ancient lying boast that the American workman is the best paid in the world is disproved by the high cost

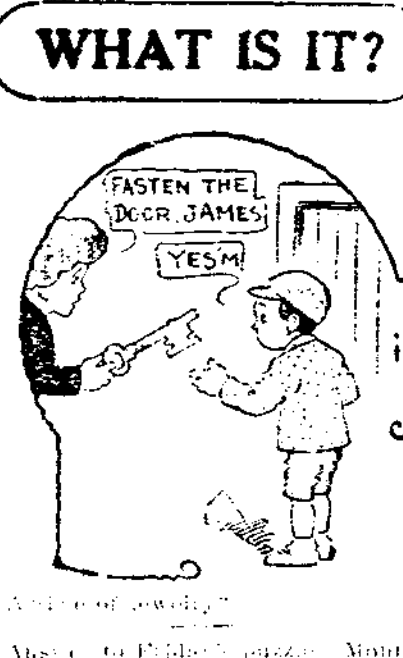

of necessities and the wealthy class knows well that the time is almost here when there must be a true accounting.

## HELD UP BY ARMLESS MAN

Jersey City, N. Y., Feb. 18.—Held up by an armless man in a dark street, Thomas Mesick yielded to the demands of the highwayman that he turn over his jewelry and cash. He slipped the valuables into the man's pocket, and then complained to the police. When Joseph Becker was arrested charged with the crime, Mesick apparently felt too humiliated to appear and the prisoner was freed.

London, Feb. 18.—Sentiment favoring Canadian annexation is very heavy in the United States, and will probably play a heavy part in the next presidential election, according to an interview which Representative Bennett cabled to the Press today. ## WAR SPIRIT IS RAMPANT IN RUSSIA

### Jingoes Anxious to Show Strength of the Army

## FOUR NEW BATTLE SHIPS

### Will Be Constructed at Cost of \$60,000,000—Fortnight for China's Reply.

St. Petersburg, Feb. 18.—The war spirit is wildly rampant throughout Russia, and the present trouble with China is hailed by jingoes who are anxious to show the renewed strength of the Russian army and navy since their defeat at the hands of Japan.

There was much rejoicing in military circles when it was learned that the government had asked the duma to vote \$60,000,000 for the construction of four battleships by 1915.

The semi-official Novoe Vremya, in discussing the announced purpose of Russia to make military demonstration in the III province in Chinese Turkestan, describes the note presented at Peking by Minister Korotovitz as a semi-ultimatum, as it does not specify the time which China must comply with the demands of St. Petersburg.

The paper adds, however, that if the Chinese government fails to act before the lapse of a fortnight the semi-ultimatum will be amplified.

When, under the treaty of 1881, Russia withdrew from the III region it was in consideration of certain political and trade concessions in that and the adjoining Chinese possessions. It is now asserted that China has not kept faith in the matter of the treaty stipulations. Hence the forthcoming return of the Russian troops to III and a probable occupation pending a new and more definite understanding between the two governments.

A dispatch from Peking says that the Chinese foreign board declines to make a statement concerning Russia's representations with regard to the III province in Chinese Turkestan, declaring that a reply to M. Korotovitz, the Russian minister to China, has not yet been determined upon.

It is not doubted, however, that China's surrender will be complete. A national spirit has developed in China in recent years, due to resentment against all treaties giving privileges to foreigners, and not excepting the Russia-China treaty of 1881. According to reports the Chinese are ranking under what are considered unfair clauses in this treaty and oftentimes have not abided by its conditions, declaring that their interpretation of the treaty differed from that taken by the Russians.

The following instance of this is cited: Russian traders are not permitted in Tao Nan Fu and the Russian consul there was expelled. The Russians agreed that Tao Nan Fu is in Mongolia, in which province, according to their treaty, they could trade free.

The Chinese replied that the administrative district of Tao Nan Fu had been changed, and the town was now within the boundaries of China proper.

The Chinese foreign office recently informed the Russian minister that it can be renounced at the end of any ten years.

Thereupon M. Korotovitz presented to China a list of claims, including demands for a delimitation of the frontier in two places where the boundary was disputed.

The foreign office, when pressed by the Russian minister, replied that it would discuss these points at a conference over a new treaty which, China would propose. M. Korotovitz then pointed out that the claims he had presented referred to breaches in the present treaty which had not yet expired.

The Chinese foreign office, however, has not further communicated with M. Korotovitz, who has repeatedly warned it that the St. Petersburg government's patience will not last indefinitely. The Chinese, not being sufficiently strong to cope either with arms or diplomatically with Russia, have indulged in their customary procrastinations, no member

## WOULD OPPOSE THE INVASION

London, Feb. 18.—Official circles here think China will offer opposition to Russia's threatened armed invasion. The local papers say it will be best for England to join the United States to diplomatically oppose the invasion.

# AMUSEMENTS

## NANCY BOYER CO.

With the production of "The Blue Mouse," Nancy Boyer will close her season in New York this week.

Nancy is always a welcome sight to New York, and this season she has been seen to have been more enthusiastic than ever. And Nancy's friends, New York friends, too, and her good will toward the city, decided to present a new play, "The Blue Mouse," which is the new season's play.

So, remember, Saturday night, for the boys and girls, when "The Blue Mouse" is presented. It is the most sensational and stirring play in Nancy's entire career, and it has produced, Box Office and the fact, an entire sell-out for the performance.

## ORPHEUM

SCENE IN "THE ROSARY."

At the Auditorium Theatre for Matinee and Night, Wednesday, Feb. 22.

## "THE ROSARY"

I have always believed that a life dealing with the tremendous power of our human thoughts was being reared upon the stage. Men and women rise in the morning and go about their work, but the fact that it is their own attitude of mind that brings them success or failure.

That is what is shown in "The Rosary," a beautiful new play from the pen of Edward B. Rose and produced by Messrs. Rowland & Clifford, which will play at the Auditorium theatre on February 22.

You can see the effect of thought upon the different individuals. One character is that of a business man happily married to a wife who loves him. But his thought is wrong. He harbors fear, doubt and misbelief in the good that lies all around him. He loses all fortune, home, wife, even his own self respect. How does it end? Go and see "The Rosary." It comes direct from three months in Chicago.

## "BILLY, THE KID"

Jack London has turned the tide of public sentiment toward western life with his powerful tales of those regions, but nothing from his pen surpasses in pathos and realistic life pictures the situations portrayed in the play at the Auditorium theatre, February 24.

The company is headed by Frank Dickson, well supported by a cast of exceptional ability. "Billy, the Kid" has played three consecutive years to crowded houses.

## "THE WOLF"

One of the theatrical season's most important events comes early—that is the presentation here at the Auditorium theatre, on Saturday, February 25, matinee and night, of the brilliant dramatic success, "The Wolf," a romantic drama of the Canadian Hudson Bay fur country. Eugene Walter, which recently scored the biggest kind of a success at the Lyric theatre in New York, and Chicago. Better news yet is the announcement that we are to see in the cast in the difficult roles. The mere announcement of such an attraction will be sufficient to fill the theatre, but here.

IN "BILLY, THE KID" AT THE AUDITORIUM THEATRE, FEB. 25.

## "THE BLUE MOUSE"

"The Blue Mouse," Clyde Fitch's adaptation from the German, with a splendid cast, will be the attraction at the Auditorium theatre on an early date, when the company will be seen for the first time.

A Salome dance with "temperament," whose sobriquet is "The Blue Mouse," is engaged by Robert, secretary to the president of a mine, to impersonate his real wife and get with the president with the hope of getting him a promotion. Her "temperament" of course, gets her into all kinds of scrapes, and before the first act is well behind the curtain.

# What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in mouth, "heart-burn," belching of gas, acid eructs in throat, after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle wrapper and stated under oath. A glance at these will show that it contains no alcohol or harmful habit-forming drugs. It is a mild extract made from pure, refined, natural glycerine, of proper strength, from the roots of native American medicinal forest plants. SCENE FROM "THE BLUE MOUSE" At the Auditorium Theatre in the Near Future.

acts, by Paul Winchell, was given its first performance on any stage at the Court Square Theatre in Springfield, Mass., on February 10 to a large audience. Enriched by stage settings as magnificent and complete in detail as one could wish, and charming music of Massenet and beautifully presented dramatically. This easily won the verdict of "great."

"The Passing of the Third Floor Back" which is now being acted with much success at the Garrick theatre in Chicago by Foster Robertson, will also be on view at the Princess theatre in the same city with Ian Robertson in the role now being assumed by his brother at the Garrick. It is said an English star will support him. "The Passing of the Third Floor Back" is a feature attraction at the Auditorium theatre.

Rehearsals for "Rosita," the new comic opera, in which Fritz Scheff is soon to appear under the Shubert management have begun with the first call for the chorus in the beginning of the work on the musical numbers. The music for the comic opera is by Victor Herbert. The book is by Katherine Stewart and Joseph Herbert. The production will be staged under the direction of Joseph Herbert.

Charles Frohman has engaged Robert Lorraine for a leading part in his production of "Leaves and Fishes" at the Duke of York's Theatre, London, on February 24. The play is a new farced comedy by W. Somerset Maugham, begun in that playwright during his recent visit to America and finished on his return to England.

Frank J. McIntyre is playing his far-well engagement in James Forbes' comedy, "The Traveling Salesman." Mr. McIntyre will be seen here in the spring in a top-out of Howard Fitzgibbon's comedy, "The Snobs," which if it comes up to expectations will be used Mr. McIntyre this coming season as a starring vehicle.

William Henry has been engaged by Henry B. Harris to originate an important part in support of Elsie Ferguson in Charles Nirdlinger's new play, "Dolly Madison."

The following note concerning the popularity of "The Rosary" in Boston will be of interest here as this play will appear at the Auditorium theatre on February 22. Rowland & Clifford's successful play, "The Rosary," has smashed all records for a popular play in Boston. Opening on Christmas day at the Globe Theatre the play in Boston was a huge success, but Boston grew to like it with the result that tonight it closes the 67th straight performance of this play in this city. Never before has the Globe Theatre been known to play daily matinees until "The Rosary" was forced to advertise daily matinees last week and again this week owing to the immense suburban patronage.

By an arrangement made this week Miss Annie Russell comes under the management of Liebler & Company for a term of years beginning from today. It is the purpose of the firm to exploit Miss Russell in a series of plays in which the principal parts shall be of a sort with which Miss Russell has been so successfully associated in the future comedy role. The first offering will be "The Backstairs" described by the author, George Easton, as "a serious comedy" in three acts.

Despite a general agreement of New York's theatrical newspaper opinion that Rosina, "Chancery," now at the Knickerbocker Theatre, New York, with Maude Adams in the title role, falls to attract attention with anything like the success aroused by the author's "Cyrano," the production is attracting overflowing audiences at every performance and could easily run the season out to capacity gatherings.

Managers H. H. Trazee and George W. Lederer, unknown in New York as a producing firm until they gave the big town "Madame Sherry," will have three musical shows on Broadway a few weeks hence, when their present

ation at the Criterion Theatre of Victor Moore in "The Happiest Night of His Life," commencing February 20th, and Lena Abarbanel in "Madame Sherry" at the New Amsterdam, will be reinforced by their presentation at the New York Theatre, commencing March 6, of Richard Carle, with Edna Wallace Hopper, in "Jumping Jupiter."

"The Blue Bird" craze has now reached a stage in New York and other cities where "Blue Bird" costumes are being worn by little folk. Copies of the clothing worn by Tithyl and Mytil in their search for happiness are on sale at all the fashionable shops. It is not uncommon to see several of these costumes dressed in the latest "Blue Bird" fashion making up box parties at the New Theatre, New York, where the play is being given. "Blue Bird" costumes are already on the press to be distributed for the year 1912.

"The Phoebe" the Stratford prize play by Josephine Preston Penhallow now being presented at the New Theatre, New York, has been published for the blind. Not long ago several blind persons who had "read" the poem heard the performance and enjoyed it greatly, though they could not see the beautiful stage pictures spread out in front of them.

Much has been said regarding the remarkable voice possessed by Miss Edith Wynne Matillson, of the New Theatre company, New York. Some admirers credit this claim to the fact that the actress began her career in musical plays, and others to training. The mystery was explained by the artist herself, who says that she inherited her voice from her mother, Kate Wynne. Kate Wynne was Welsh and a singer of note. Her mother Matillson gets her remarkable intonation via Wales rather than from England.

## FINED \$3 FOR CALLING WOMAN A "SUFFRAGETTE"

New York, Feb. 18.—Whether "suffragette" is a title of honor, or something else is a question raised by Magistrate House in fining a chauffeur \$3 for applying the term to Mrs. Katherine Campbell. The chauffeur, James Allen, was in the crowd that collected when Mrs. Campbell remonstrated with the driver of an overloaded truck. Allen denied that he had called Mrs. Campbell a "suffragette," but the magistrate believed the chauffeur's story and the prisoner paid his fine.

## REMOVES DANDRUFF

Puts Life Into Faded Hair and Stops Scalp Itch.

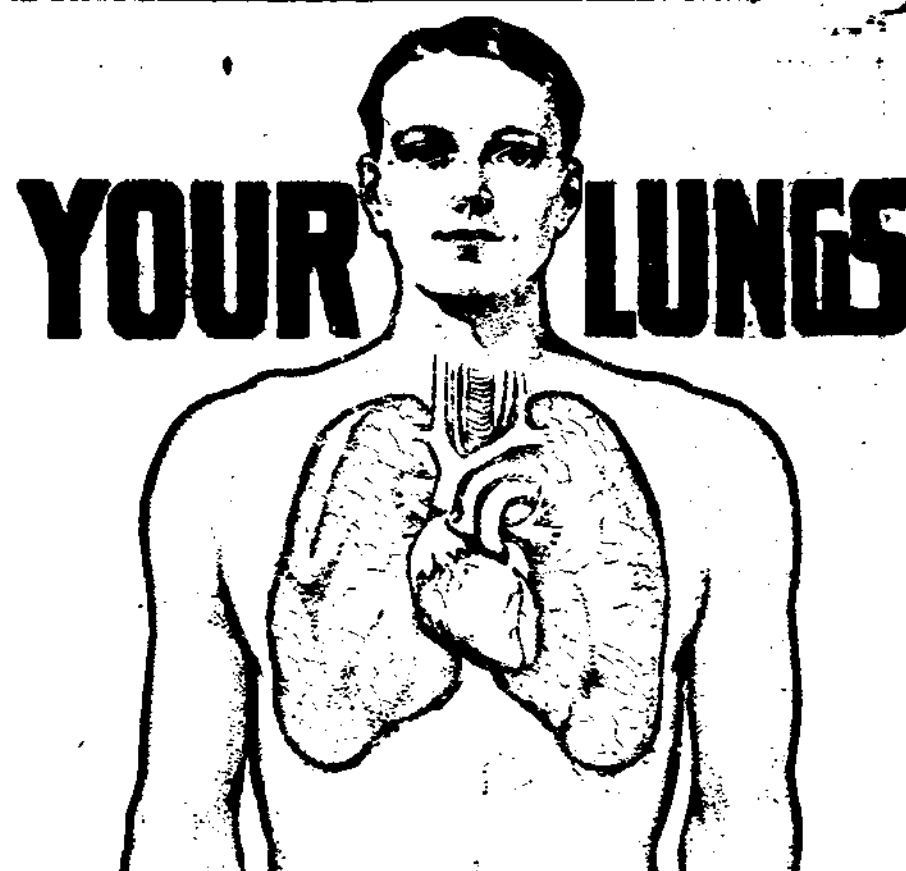

If your hair is dull and lifeless, is falling out and getting thin on top, then you need Parisian Sage, and one quicker can get it, the sooner you will thank Evans' Drug Store for selling you such a worthy, dependable hair grower, dandruff cure and hair dressing.

Read what Mrs. M. A. May, of 107 East Elizabeth street, Detroit, Mich., writes on June 6, 1910:

"I have used many hair restorers but have received no apparent benefit until I tried Parisian Sage. My hair is soft and silky, and while before I commenced using the remedy my hair was falling fast, was dry, and harsh, and faded, and altogether unlovely, now just within the past few weeks several have remarked how lovely my hair is. It is also fine just for a dressing, leaving the hair soft and fluffy. It removes dandruff, and cures itching of scalp. I certainly take pleasure in recommending Parisian Sage."

Parisian Sage is sold by Evans' Drug Store and druggists everywhere. Get a 50-cent bottle today, use it for two weeks and if you are not satisfied that it will do all that is advertised to do you can have your money back. The girl with the Auburn hair is on every package.

## PREPARING FOR DANDY DARKIES ENTERTAINMENT

Denison Boys Promise a Fine Show This Year—News of Granville and Vicinity.

Granville, Feb. 18.—The committee having in charge arrangements for the coming entertainment to be given by the Denison Dandy Darkies, announces that the entertainment will be given in the town hall Wednesday, March 15, and will be one of the best ever given in the history of the college. These entertainments are an annual event in Granville and never fail to please. Those taking part are working hard and the show is already well advanced. The chorus will be the best ever gotten together for a similar production, containing a majority of the members of the glee club, together with a number of the other best singers in the school. The scenery and costumes will be special and will be imported from Columbus. There will be six end men. The music is all new and catchy and the songs are chosen from the latest popular hits. The direction of the chorus and end men is under charge of A. B. Conley as musician and director. Practice is now in full swing.

Flord D. Carlock, of Denison, who has just been commissioned as a second lieutenant in the regular army, would have graduated this year. Mr. Carlock's commission is a signal honor and his high standing in competition with men from military schools speaks well not only for his own ability, but for the training he received at Denison. While it is to be regretted that he will not be here to receive his diploma, his friends are glad to see a Denison man so recognized, and extend to him best wishes.

To keep abreast with modern business needs, the postoffice department must more and more utilize electric lines for mail service. The day of the steam road as practically the sole carrier of mail is past. While not superseding the steam road, the electric road is proving a valuable supplement in the work of the latter. This is demonstrated by the handling of mail between Granville and Newark. For some time past the electric railway company has had the contract for conveying the mail between Newark and Granville, and the service has been of great value, especially to our merchants. In this part of the country the electric line must come into its own in handling mail, just as the steam freight train took up the work of the old time canal boat and wagon train. The electric cars are also carrying the mail between Newark and Hebron and Newark and Kierksville.

This is one of the four seasons during which people in this latitude are most liable to take cold. The other three seasons are spring, summer and autumn. It is a matter of almost universal knowledge that the transition periods, the times sandwiched in between these periods, are even more so. Therefore it behooves the people of Granville to inquire into the causes of the complaint known as a cold, and, especially so at the present time, which is one of the times mentioned above.

Dr. Carney, head of the department of geology, will deliver a lecture be-

fore the Field Museum of Natural History in Fullerton Memorial Hall, Chicago, on March 4. The meeting will be attended by prominent scientists from all parts of the country. This is the first time that a man from Denison has been given an opportunity to address the museum.

If the person who handed Frank L. Ferguson \$1.25 at the interurban station in Granville to pay for his subscription to the Advocate will send in his name or tell Mr. Ferguson, he will be given credit for the amount. The name was mislaid.

## ANSERINE CURES TWO NEWARK MEN

No Words Too Strong to Express Their Enthusiasm for this Wonderful Cure for Falling Hair and Dandruff.

"I had a very bad case of dandruff but Anserine has surely done me good for just two applications of this splendid remedy did wonders. I tell you I tried everything I ever read or heard of, for I have been troubled with dandruff for a long time. When Mr. Teuscher suggested using his remedy, I very much doubted the results he predicted, but tried it just as I had many other things—but this time Anserine did the work."

The man who speaks so sincerely of the virtues of Anserine is Mr. W. M. Kilver, the well known insurance man, located in room 12 of the Hibbert & Schaus building. He went on to say: "You may think me too enthusiastic, but I have a friend who is even more so, for he can tell you of a far more wonderful cure it effected for him. He is Mr. Weiss, who is employed at the Holiday Glass Works. He was practically bald, and only one of Anserine renewed the growth of his hair and he now has a fine head of hair."

Mr. Kilver stated that both he and his friend felt so grateful for what this wonderful remedy had done for them that they wanted every one to know of its merits.

Anserine is a remedy made right here in our own city by Mr. A. P. Teuscher, the barber in the Lansing block, on Third street, and whose reliability can be vouched for by every one. Falling hair, dandruff and all diseases of the scalp have never failed to yield to this treatment.

When you buy Anserine you are not taking merely a written guarantee of strangers, but you can see and talk to people you know who have been benefited by it.

Mr. Teuscher spoke of many cases, among them just recently a little girl who had quite a serious scalp trouble which the mother said she had had since birth and for which remedy after remedy had been applied in vain. The mother has since reported that Anserine has completely cured her.

The successful treatments and the commendations on every side have induced Mr. Teuscher to commence more extensively the manufacture of this remedy.

The price is \$1.00 per jar. For sale at all druggists and at the Teuscher barber shop, 32 North Third street.

## THE LODGES

**Old Fellows.**  
Olive Branch lodge No. 34 I. O. O. F. held its regular meeting on Tuesday evening, February 14. There was a splendid attendance of the members and considerable business of importance was transacted. After the regular business of the evening had been disposed of, the first degree was conferred on five candidates by the union degree team. At the next regular meeting to be held on Tuesday evening of next week the initiatory degree will be conferred on two candidates. It is hoped that every member of the lodge will be present on this evening.

Newark Lodge, No. 423, held its regular weekly meeting Monday, Feb. 13. A very pleasant time was enjoyed by all present, consisting of a large number of Newark Lodge and Olive Branch members, also a few visiting brothers from out of the city. After the general routine of business was transacted, the initiatory degree was conferred. Next Monday evening, Feb. 20, the second degree will be conferred.

**Modern Woodmen.**  
Cedar Camp, No. 427, M. W. of A. met in regular session Monday night. Ten applications for membership were received and one application on card was elected to membership. The escort retired and found in waiting Samuel M. Street, Albert J. Kronk and Bend Burnham, who were admitted and adopted as beneficial members. A letter was received from the officers and team of Camp No. 1276 of Columbus, in regard to visiting Cedar Camp Monday night, April 3, and put on the work. Buckeye Camp, No. 3224, of Zanesville, will visit us Monday night, March 6, and put on the work, and we want to give them a good reception. On Tuesday night, March 14, the prize state banner will be presented and all members of Cedar Camp and their friends are cordially invited to be present at this meeting, which will be held in the high school auditorium. Neighbor Charles E. Whelan has been secured to make the presentation address, and all members who have heard Neighbor Whelan know that he is a very entertaining talker. Plans are now being arranged for the team and officers of Cedar Camp to go to Coshocton in the near future to exemplify the work. The date will be announced later. Neighbor Kenton H. King was reported at the last meeting as having died Feb. 7, which is the first death in Cedar Camp this year. Neighbor King was taken sick very suddenly and has only been a member of Cedar Camp since Dec. 26, and carried a policy for \$2000. At the next regular meeting of the Camp there will be candidates to receive the work. Neighbors, now is the time to get busy and bring in your applicants. Remember the free trip to the Buffalo head camp in June for only 10 beneficial members adopted before June 12. Get busy.

**Royal Arcanum.**  
The members of Bayard Taylor Council, No. 221, met Monday evening and transacted some business of importance to all present. A large attendance of the older members certainly gives added impulse to the new members who are holding an office. Bayard Taylor Council has shown a wonderful amount of renewed activity during the last year, holding a number of honor among even larger councils of the state, showing a larger percentage of increase in membership than some of the older and stronger councils. The new officers for the ensuing year are certainly hustlers in every sense of the word. They are up and doing all of the time. We predict one of the most prosperous and beneficial years since the council was instituted in Newark. Although death at times removes a brother from the ranks, yet we as a council body can exemplify to that brother's loved ones the beautiful attributes of Royal Arcanum brotherhood. One such instance occurred a few days since in the death of Frank L. Werner of Coshocton. A full attendance is desired by the officers next meeting night. The new drill team is simply out of sight.

**Daughters of Veterans.**  
The Daughters of Veterans met in regular session Tuesday evening. Our members continue to grow and the members are becoming more and more enthusiastic in the work. We have plenty to do, especially among the sick. Quite a number of the comrades are on the sick list. It is requested that as many daughters as can do so meet at the lodge room on Tuesday afternoon at 2 o'clock, to make preparations for the Martha Washington social to be given Wednesday evening, Feb. 22, at the G. A. R. hall.

**G. A. R. Program.**  
The following program will be given Sunday, Feb. 19, at G. A. R. hall at 2 p. m., and the public is cordially invited to be present.

Assembly—Buglers.  
Song—Helen Peck.  
A Trip Through the South—Mrs. Thomas Sawyer.

Piano Solo—Mrs. Charles Rofly.  
Description of Fight at Bloody Angle—Read by Com. Linke C. Russell.

Quartette from Plymouth Church.

Solo—Miss Ora Hall.  
Benediction—G. H. Long.  
Taps—Buglers.

**Order of Camels.**  
The Munificent Order of Camels is a social, fraternal and beneficial organization, having for its cardinal principles the fatherhood of God and the brotherhood of man. The order seeks to impress the sacredness of

the family tie and the sweet and ennobling influence of the home circle, and each temple is recognized as a home circle, where mutual aid and interest in the welfare of each brother holds supreme sway.

The motto of the order is "Custos Morum"—the Guardian of Morality. He who keeps this motto ever before him will need no higher nor nobler qualification to stamp him with the impress of true manhood.

Now brother Camels old Monarch temple will be reorganized on February 21 in K. of P. hall, No. 13. Each and every brother Camel is requested to be on hand at 7 o'clock sharp. The Cleveland degree team will be here to do the floor work. There will be members here from Pittsburg, Columbus, Zanesville and other nearby cities, so do not fail to be present and get a jump on in order to be with the other hump.

**Order of Owls.**  
There will be a meeting of Newark Nest, No. 1118, Sunday, Feb. 19, at 1 p. m., at Red Men's hall, to attend the funeral of our late brother, J. B. Warman. J. C. McFarland, President.

**Knights of Pythias.**  
The rank of knight was conferred on Esquires Bowman and Myers at the castle hall of Roland Lodge, No. 305, last Tuesday evening, in the presence of sixty brother knights. After the initiation a light lunch was served by the entertainment committee in the banquet room. The open meeting announced for next Wednesday evening has been postponed until Tuesday evening, Feb. 20. All interested will please take note of this and govern themselves accordingly. At the past chancellors' meeting last Wednesday night Roland Lodge was represented by 17 past chancellors. A splendid meeting was held and a fine banquet served. The next meeting will be held in Zanesville in May.

The last regular meeting of Newark Lodge, No. 13, was held Thursday evening with a good attendance. Several of the brothers are on the sick list, but all are improving. The Page rank was conferred on one candidate. Next Thursday evening the Esquire rank will be conferred.

**D. O. K. K.**  
There will be a meeting of the D. O. K. K. at Roland Lodge rooms in the Ankele building, Wednesday evening, Feb. 22.

**Order of Camels.**  
A Camels' lodge will be organized in this city. Tuesday evening, Feb. 21, and will be known as Monarch Temple. The initiation will take place in the lodge room of Newark Lodge, No. 13, K. of P., in the Hibbert & Schaus building. The Cleveland team, considered one of the best in the country, will be present and do the floor and initiatory work. Representatives from Pittsburg, Cleveland, Columbus and other nearby cities will be here on that evening.

**Home Guards of America.**  
Newark Home will celebrate her eleventh anniversary on Wednesday night, February 22. Never before in the history of the order has there been such interest taken in our order by the members, and this interest has borne fruit, as our records now show a membership of over 250, making a net gain of over 135 beneficial members during the past year. In view of this fact the Home will celebrate this event by a large class initiation; the work to be put on by the Zanesville degree team, after which Dr. G. J. Ehlen, supreme counselor, and founder of our order, will make a short talk on the good of the order, to be followed by a banquet to all members and visiting members. It is earnestly requested by the officers of the Home that all members be present promptly at 7:15. To the members that are working for the prize offered, be sure and have your candidates at this meeting, as the prize offer closes on that night. The degree team will meet Sunday afternoon at the hall for practice at 1 o'clock. All members are requested to be present as this meeting is an important one.

## WAR SPIRIT

(Continued from Page 1.)

of the government desiring to incur responsibility for a contest from which there could be only one issue. Therefore, as the regent is the sole authority, the body to Russia will be his, but framed under the advice of the councillors.

Russia possesses an extensive trade in all the border provinces, which she does not desire to submit to discussion, and the annunciation of the treaty will open the whole question to indefinite argument. China, however, enjoys the legal right to renounce the treaty.

The Russian and Japanese legations in Peking are regularly in consultation on the Russo-Chinese situation.

**CHARGE OF RUSSIAN OFFICIAL.**  
Berlin, Feb. 18.—Charges that the Chinese government purposely introduced and spread the plague in Manchuria to check Russia's encroachment are made in a local paper by Prof. Skorichenko, a Russian official. He says precedent for this act was established centuries ago when the Chinese used similar tactics against the Tartars.

## NATURAL GAS ORDINANCE

(Communicated.)  
Some time ago there was a public expression of the almost universal desire of the citizens of this city that their council enact no ordinance that will increase the price we are now paying for natural gas. The gas company permitted the matter to drag, and, as usual, the public has become indifferent to the necessity for further diligence; but, as is also usual, the gas company has remained anything but indifferent, and the council has now given its second reading an ordinance which will compel us to pay a higher price for gas. Only by the stand of a few loyal voters could we have defeated the effort made at the last meeting of council to suspend the rules and "railroad" the ordinance to final passage.

The situation has been investigated and discloses that the gas company is now obtaining its gas at such figure that it can continue to sell us gas at the present rate of 20 cents per thousand, with a 10 per cent discount and still make more than a reasonable profit. Under these circumstances and with the money value of the franchise we gave the company as the basis for its business, there should be no increase in our gas rate.

Representative Crosser of Cuyahoga county, recently introduced in the legislature a bill requiring all matters of this nature to be submitted to a vote of the people, after passed by a city council, before they become operative. This bill has been favorably reported by committee to the house of representatives and will be passed, as Cleveland, Columbus, Akron and other cities having trouble with natural gas companies are behind the bill. If the council of this city is having any difficulty in learning that the people do not want their gas rate increased, let it delay action on this ordinance until the bill mentioned is enacted, and then, if council still persists in passing the ordinance, see how quickly it is killed by our votes.

But our council should have no trouble in learning that the residents of this city, for whom the councilmen are merely agents, are against this increase. The councilmen who have opposed this ordinance should be commended, and those who are supporting it given to understand, and distinctly, that we who pay the bills do not want it. CITIZEN.

## MOOSE LODGE INSTITUTED LAST EVENING

The preliminary meeting preparatory to the institution of a lodge of Loyal Moose was held in Woodman's Hall Friday night. The local lodge will be known as Licking Lodge, No. 499, Loyal Order of Moose. One hundred and ten applicants were elected and 55 were introduced into the mysteries of Moosehood. National Organizer William H. Rippel of Columbus had charge of the ceremonies and the degree work was exemplified by the degree team of Columbus Lodge, No. 11, in a very able manner.

The local lodge starts out under very favorable circumstances, and numbers among its charter members many of the prominent men of Newark, among whom are Mayor John Ankele, County Treasurer-elect Jas. Rutledge, Edward McGonagle of the county auditor's office, W. E. Mason, ex-Senator W. E. Miller, Sheriff Frank Shabugh, Chief of Police Chas. H. Hindel, Captain Charles Heiple of the fire department, and many others. The next meeting will be held in about three weeks, when the second class of applicants will be admitted and the officers installed.

Deputy Supreme Organizer J. B. Wegman, who has charge of the work will maintain headquarters at the Hotel Ludlow, where he will receive all applications. The Loyal Order of Moose is a social and beneficial organization, paying \$7 per week sick or accident benefits, \$100 death benefits and is the first organization that gave free medical attention to its members and their families. It was organized in Louisville, Ky., 20 years ago by Dr. John L. Wilson, and now has over 500 lodges, located in all the large cities of the United States and Canada.

## UTILITY BILL IN THE HOUSE

The Winters utility bill, pending in  
the House of Representatives, goes as  
far as the most pronounced supporter  
of corporation control could desire,  
containing the clause which gives the  
commission the right to control the  
issuance of stocks and bonds by utility  
companies. It also contains a pro-  
vision requiring the establishment of  
a depreciation fund, and confers au-  
thority upon the commission to con-  
firm or veto proposed mergers of  
these companies.

Rates shall be fixed on the basis of  
the taxable value of utilities, thereby  
permitted these concerns to increase  
rates only in the ratio as they return  
property for taxation. It is attempted  
to provide against the orders of the  
commission being stopped by injunc-  
tions, the declaration being made that  
only appeals shall lie from these orders  
which are to remain in effect pending  
the action of the courts. The bill aims  
to supply a need which Ohio has felt  
for years. A similar measure was  
beaten in the Republican Senate last  
year.

Republicans in the Ohio House of  
Representatives last Friday disregard-  
ed the unanimous sentiment of farm-  
ers for the measure, and made a futile  
attempt to defeat the Cullbill bill re-  
quiring the teaching of agriculture in  
every Ohio village and township  
school. Democrats voted solidly for  
the bill, which now is ready for the  
Governor's signature, as it has passed  
both houses. Thus was another party  
platform pledge redeemed, while the  
village and township schools hereafter  
will train boys for the vocation to

which the majority of those attending  
these schools follow.

Having been pretty soundly and de-  
servedly thrashed by little Japan, the  
powerful Russian jingoes are now  
picking a quarrel with poor old and  
lame China, who is known to be help-  
less in war. This may enlighten the  
late croakers about the "yellow  
peril" and awaken the civilized world  
to the fact that the real menace to its  
peace today is the great Russian em-  
pire with its myriads of semi-barbarian  
Cossacks.

Attorney General Hogan is preparing  
to test another alleged trust—a com-  
bination of the Lake Shore and Michigan  
Southern, Chesapeake and Ohio, Kan-  
awha and Michigan, Zanesville and  
Western, Toledo and Ohio Central,  
and Hooking Valley Railways, which  
is charged by Prosecutor T. T. Court-  
right of Fairfield county with stifling  
competition.

Another step toward taking per-  
sonal property onto the tax duplicate,  
and thereby diminish the burden of  
real property owners, was taken last  
Friday when Representative Warner  
introduced a bill compelling state  
banks to collect taxes on its shares of  
stock from the owners and to pay it  
to county treasurers.

day at HERMAN'S the CLOTHIER.

## EXPENDITURES OF PUBLIC MONEY INCREASED FASTER THAN POPULATION IN CITIES

Columbus, Feb. 18.—Here is a  
table prepared by the state tax com-  
mission showing that expenditures  
of public money increased much  
faster than population. The figures  
elicit Governor Harmon's argument  
that some limit must be placed on  
the power of public officers to levy  
taxes. Fifty-nine cities of the state  
showing an increase in population by  
the recent census show a greater per-  
centage of increase in the per capita  
tax assessed. The average rate of  
increase in population was 34.5; the  
increase in per capita tax was 78.3  
percent.

Only two cities, Fostoria and Mar-  
tin's Ferry, show a marked decrease  
in the per capita of taxes levied. In  
Fostoria taxes went down \$1.91 per  
capita; in Martin's Ferry the de-  
crease was \$1.02.

Bellevue, Canton, Chillicothe,  
Lakewood, Mansfield, Middletown,  
Painesville, Tiffin, Urbana and Wash-  
ington Court House held their own  
and the ratio of increase in popula-  
tion and tax levy is about the same.

The following tabulation of per-  
centages explain the situation:

CITIES.	Population Increase	Tax Increase
Akron .....	61.00	72
Alliance .....	68.00	87
Ashtabula .....	41.00	92
Barberton .....	101.80	159
Bellaire .....	30.00	74
Bellevue .....	34.50	76
Bucyrus .....	27.70	85
Cambridge .....	37.40	105

## POETIC EFFUSION CREEPS INTO THE HOUSE RECORD

Washington, Feb. 18.—The con-  
gressional Record, the only daily  
paper conducted by the government,  
has occasionally been its monotonous  
columns enlivened by "human inter-  
est." A few times during the ses-  
sion the Muse creeps into print; once  
in a while jokes relieve the solemn-  
ity of the stilted parliamentary de-  
bate.

Such an excursion of the Muse has  
just come to light in the printing of  
a speech by Representative Hodin,  
Democrat of Alabama. The Ala-  
bama member undertook to kill time  
while the house was awaiting to vote  
on the resolution to give the Pana-  
ma fair to San Francisco. Consider-  
ation of the bill had been finished at  
3 o'clock, but according to the rule  
adopted, a vote on its passage could  
not be had until 4 o'clock. Most of  
the members left the floor and  
sought to occupy the time in the  
cloakrooms. Hodin's speech was  
heard only by a handful, but the ver-  
dict of those few made congressmen  
anxious to see it in cold type in the  
Record. After more than a week, it  
has finally come to light in that  
sheet.

Hodin sung the old, old song of the  
Sunny South, and poked good na-  
tured fun at the Golden West. From  
somewhere in his desk he produced a  
Los Angeles newspaper containing a  
story about the arrest for vagrancy  
of a young man from the eastern coast.  
"He was a fair haired youth," ex-  
claimed Hodin, "who heard the call  
of the West bidding him on to Cali-  
fornia. He responded, and he too,  
was hauled into a California court  
on a charge of vagrancy. Yes, vag-  
rancy, Mr. Speaker, in that enchan-  
ted realm, that land of romance and

of song. The story goes that he had  
taken a girl named Hortense to a  
theatre in a town in California and  
thence to a fashionable cafe sug-  
gested to him by the girl; there they  
ate and drank and were merry. On  
going to the long distance to California  
and the heavy expense of getting  
there this young man's money had  
run so low that on that night he had  
only \$14 left.

"Yet, Mr. Speaker, before the wild  
noon of night the young man's \$14  
had been expended and the girl  
snook him and left him penniless, a  
stranger among strangers in that  
far-away land of the West. Cruel,  
heartless Hortense! And then what  
happened to him? A policeman got  
him and locked him up on a charge  
of vagrancy; and, speaking of the  
girl, the café, and the show, this is  
what the young man said in court:

"Judge, that's where Hortense  
steered me—  
And that is where she queered me.  
She did me brown, then threw me  
down.

She left me broke, a living joke.  
The "butt" of this California town.

"Judge, I am sorry to say that I  
must make today this sad and  
convincing report.

When the cops ran me in  
I was broke and had been  
Without visible means of sup-  
port.

So put me where there's no need to  
roam—  
Till I can get a check from home."

"So, Mr. Speaker, from this Cali-  
fornia paper I gather the reasons  
why some people who go to Cali-  
fornia never return. The reasons  
are strong. They are in the shape  
of iron doors and prison bars. Why,  
Mr. Speaker, if a person expresses  
the desire to leave California, if he  
looks at all homesick, they straight-  
way lock him up on the charge of  
vagrancy. No wonder so many  
young men and old men never return  
from California. No wonder the  
state is filling up so fast, and no  
wonder the population of California  
is increasing so rapidly.

Mr. Speaker, this fair-haired  
youth longs to go again to the places  
that knew him in happier days, and  
full of regrets and sad experiences is  
awaiting a check from home while  
he is yearning to be delivered from  
the land of Hortense and the prison-  
haunted cell of the vagrant."

In concluding Hodin soared to  
emphatic heights on the wings of  
his Muse, and delivered himself of  
the following:

"We want you to visit us in the  
Southland;  
Come when the springtime comes.  
When the gold-bellied bee in the bloss-  
om hums.

When in billows of pling the peach  
blossoms blow.  
And apple and plum scatter swirls  
of snow.

When the fern droops low by the  
woodland stream.  
And the gray dove coos in a blissful  
dream.

When the rippling wheat hides the  
partridge nest.  
And the land of the South is at her  
best."

**Life Saved at Death's Door.**  
"I never felt so near my grave,"  
writes W. R. Patterson, of Wellington,  
Tex., as when a frightful cough  
and lung trouble pulled me down to  
100 pounds, in spite of doctor's  
treatment for two years. My father,  
mother and two sisters died of con-  
sumption, and that I am alive to-  
day is due solely to Dr. King's New  
Discovery, which completely cured me.

Now I weight 187 pounds and have  
been well and strong for years.  
Quick, safe, sure, its the best rem-  
edy on earth for coughs, colds, la-  
grippe, asthma, croup, and all throat  
and lung troubles. 24c and \$1.00

**COMMUNICATED**  
\*\*\*\*\*

Newark, O., Feb. 16, 1911.  
To the Honorable Committee on  
Revising Premium List for the Lick-  
ing County Agricultural Society—  
Gentlemen: I am a member of the  
above named society and have noted  
some things that need adjusting, and  
for the benefit of the society I beg  
to make a few suggestions:

In the first place, we pay over one-  
half of our entire premiums on horse  
racing. Now, I am not kicking off  
racing, as I am a horseman, but  
in order to be logical to all, I am  
of the opinion that we should pay a  
little more attention to agriculture, hor-  
ticulture, stock raising and market  
ing. This is absolutely necessary in  
order to have a fair and to draw the  
attention of our citizens and have  
them show their products and stock.  
Now, we should not feel one-sided  
branch its consideration. We, as far  
farmers and horse raisers, must not  
overlook the agricultural interests of  
the country, as it is the life of all; we  
must not overlook horticulture, as I  
is one of the necessities of life; we  
must not overlook our own farm  
horses, cattle, swine, sheep and  
poultry, and farming machinery.

Therefore suggest that the society di-  
vide its awards as follows: \$100 on agricul-  
ture and horticulture, \$150 on cattle  
and swine and horses, and \$250 on  
machinery. Hoping that your hon-  
orable body will give this suggestion  
the consideration it merits, yours  
truly,  
A FARMER.

## WEHRLE PARK LEASE SECURED BY HARRY KIENE

Baseball Plant Will Be Overhauled  
by New Owner of the Newark  
Franchise.

The lease for Wehrle Park was to-  
day turned over to Harry A. Kiene,  
owner of the Newark baseball fran-  
chise. It covers a period of five years  
and that gentleman becomes the own-  
er of the old plant, operated for the  
past five years, or until the middle of  
last season, by local people.

Mr. Kiene leaves this evening for  
Columbus where he will meet Presi-  
dent Robert Read of the Ohio State  
league, to discuss several propositions  
which that gentleman has in view.  
From Columbus Mr. Kiene will pro-  
ceed direct to Indianapolis where he  
will meet President Watkins of the  
Indianapolis club and Monday the  
negotiations for the Newark franchise  
will be closed. This latter deal could  
not be made until Mr. Kiene had the  
Wehrle lease and now that that deal  
has been closed he is free to complete  
the deal with Mr. Watkins.

Mr. Kiene has had the tickets print-  
ed and they will be ready to turn over  
to Captain Charles W. Miller, chair-  
man of the park committee of the  
Board of Trade, and that gentleman  
will name his aides in a few days and  
prepare his plan of campaign for a  
thorough canvass of the city in an ef-  
fort to sell 1,000 books of twenty tick-  
ets each, transferable, at \$5 per book.  
Captain Miller although announcing  
no definite plans will probably divide  
the city into ten districts with a good  
live hustler to each district.

Mr. Kiene will return Tuesday night  
or Wednesday and will have some  
news of great interest. In the mean-  
time Mr. Fan, start that little hoosier  
game and make preparations for one of  
the best baseball seasons in the city's  
history.

## PHILO-EUTERPE HOLD CONTEST AT GRANVILLE

The fifth annual Philo-Euterpe  
contest was held Friday evening in  
Recital Hall in Granville. The con-  
test opened at 7:30 with the debate  
of the question, "Resolved, That Col-  
leges Should Make no Further Sho-  
lastic Requirement for admission  
than the Completion of the Four-year  
Course in Regularly Graded Cer-  
tified First Grade High Schools." Af-  
firmative speakers were Letha Tain-  
hill and Mary Steere; negative,  
Besse Nicholls and Hazel Greene.

The winning speakers in the other  
events were:

Vocal solo, Thelma Ladzinski.  
Essay, "The Moving Picture Show,  
the Nation's Concern"—Hespera  
Houghan.

Declamation, "Arrangements from  
Anne of Green Gables," Edna Hayes.  
Piano solo, Edwyl Redding.

An original story, "The House Un-  
beautiful," Margaret Gooch.

The judges of the evening were  
Prof. Boodell, Dr. Carney and Dr.  
Huntley. The awards were even be-  
tween Philo and Euterpe.

## PLUNGED FROM THE ELEVENTH FLOOR

Chicago, Feb. 18.—W. J. Plummer  
committed suicide here today by jump-  
ing from the eleventh floor of the  
Chamber of Commerce building and  
landed on his head among a crowd of  
people in the first floor corridor.  
Plummer went into an office to see a  
former employer, looking for work,  
and when refused a job walked out  
and jumped over the balustrade.

## INFIRMARY HAS BUTTER SURPLUS AT END OF WEEK

For a long time past the directors  
of the Licking county infirmary have  
been compelled to buy from 150 to  
200 pounds of butter a month in ad-  
dition to that made on the farm, in  
order to supply the needs of the in-  
stitution. Recently the directors  
have been weeding out their herd of  
cows, selling off all the old animals  
and supplying their places with Jer-  
seys. More butter is now being made  
at the institution than is needed, and  
this week 25 pounds were sold in  
Granville. Between 60 and 70 pounds  
of butter are now being made at the  
infirmary every week.

## NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.

A corn cure that is painless and  
that will really do the work has final-  
ly been discovered. Heretofore, the  
poor sufferer from corns has been pes-  
tered with "drawing" salves and plas-  
ters that swell the corns, and has had  
finally to gouge out his corn and in-  
flict upon himself still greater pain.  
With Hall's Painless Corn Cure all  
pain ceases on the first application,  
and then finally the corn comes right  
off easily and painlessly. You don't  
have to dig it out and run the risk of  
drawing blood, making your corns still  
more sore or getting blood poison.

Hall's Painless Corn Cure is easier  
to use than any other; it takes a few  
seconds to apply it. It is guaranteed  
absolutely in every case. You must be  
satisfied, or back goes your money.

Lasts longer than several packages  
of any other corn treatment, and you  
are sure to get rid of corns and bun-  
ions. Sold at 25 cents a bottle at

# Daddy's Bedtime Story—An Adventure Of Tom Thumb

"CHILDREN," said daddy one evening, "I believe you have heard of Tom Thumb, the funny little fellow no bigger than a man's thumb. Well, here's a story about him."

"Tom Thumb's father was a farmer. One day he wanted to go to the woods to cut down some trees, but he said to his wife in Tom's hearing that he did not believe he could go, as there was no one to follow him with the cart. 'Let me do it, father,' said Tom. Then his parents both laughed, for he was such a tiny fellow that he could not hold the reins. 'Why, how will you be able to do it, Tom?' asked his father. 'If mother will harness the horse I will sit in his ear and tell him which way to go,' said Tom. 'That's a good idea,' said his father.

"When the time came Tom's mother harnessed the horse, fastened the reins, put Tom in the horse's ear and kissed him good-by. So they drove away. Tom, telling the horse which way to go. On his way to the woods he passed two men walking on the road. They were greatly astonished to see the horse going along without a driver and followed him to the woods. When the wagon reached Tom's father he took Tom out and placed him on the ground near him, telling him to wait until his mother should be done.

"The two strangers thought they could make a great deal of money by exhibiting Tom to the people of the cities, so they asked Tom's father to sell the little fellow to them. At first he would not, but Tom whispered in his ear: 'Sell me, father. I will come back to you soon.'

"So his father sold him to the men, and they started off with him.

"How shall we carry you? said one of the men. 'If one of us puts you in his pocket you will die for want of air.'

"Oh, that's an easy question," answered the little fellow. 'Just put me on the brim of your hat and let me walk around it and look at the scenery.'

"So Tom and the two men traveled for a time until he heard one of the men say to the other:

"We are a long distance away from the wood where we bought this little fellow. I am sure we could not find our way back there."

"But Tom knew the way back. He said:

"Oh, master, master, I am tired of staying on your hat. Put me down for awhile."

"The man did so. Then Tom ran and hid in a rat hole, and try as hard as they would, they could not find him. When it became dark they stopped trying. Then Tom left the hole and returned to his father's house."

## OBITUARY

**FRANK LEMERT.** Mr. Frank Lemert, who has been a resident of Newark since 1889, died at his home, 344 West Church St., Saturday morning at 9:30 o'clock, after a serious illness of about two weeks, although since 1893 he has been practically an invalid. The immediate cause of death was exhaustion.

The deceased was the son of Lewis and Elizabeth Lemert and was born in Dresden, Jan. 9, 1846, and was therefore 65 years, 1 month and 8 days old. His active business life was begun in Dresden, where he was associated with his father and brother Robert in the dry goods and banking business. After the death of the elder Lemert in 1875, the two brothers conducted the business under the old name of L. J. Lemert & Son until 1887, when it was dissolved and Robert went south. After two years longer residence in Dresden, the family removed to Newark and Mr. Lemert, until ill health prevented, was engaged with the Smith Bros. grocery, the Prout & King shoe store and the L. E. Starr clothing store in a clerical capacity.

While in Dresden Mr. Lemert was a very active worker in the Zion Episcopal church and for a number of years was superintendent of the Sabbath school. He was a man of great piety and undoubted rectitude of conduct in all relations of life.

He was a member of Wakatomika Lodge, I. O. O. F., of Dresden, and of the Trinity Episcopal church of Newark at the time of his death.

Besides the widow, there are left one son, William H. Lemert, one daughter, Florence S. Lemert, both of Newark, and four sisters, Mrs. Kate Johnson, Mrs. C. W. Goff, Misses Mary and Nellie Lemert, all of Los Angeles, Calif.

The funeral will take place Monday afternoon at 2 o'clock from the Trinity Episcopal church, Rev. L. P. Franklin conducting the services. Interment in Cedar Hill cemetery.

**GILBERT MUELLER.** Gilbert Mueller, aged 25 years, died at his home, 88 Dewey avenue, Friday afternoon at 4 o'clock, after an illness extending over a period of two years. The deceased is survived by his wife, one child, Gilbert, the parents, Mr. and Mrs. Jacob Mueller, and four sisters—Mrs. William Faur of Pittsburgh, Sister Rindline of St. Mary's convent at Shepards, O., Lorena and Margaret, and two brothers, Frank and Howard Mueller.

The funeral services will be held Monday morning at 9 o'clock in the Church of the Blessed Sacrament, Rev. Father Waterson celebrating the mass. Interment will be made in Cedar Hill cemetery.

**FUNERAL OF MRS. GLASSMEIER.** The funeral services of Mrs. Catherine Glassmeier will occur Sunday at 1:30 p. m. from the Fifth St. German Lutheran church, Rev. Saffron officiating. Interment will be made in Cedar Hill cemetery.

**CENSURE.** Censure and criticism never hurt anybody. If true they show a man his weak points and forward him against failure and trouble; if false they cannot hurt him unless he is wanting in character. Gladstone

In all curative properties it is identical with the solid Cream Balm, which is so famous and so successful in overcoming Catarrh, Hay Fever and Cold in the head. There is relief in the first dash of spray upon the heated sensitive air-passages. All druggists sell, including spraying tube, or mailed by Ely Bros., 56 Warren St., New York.

**CARD OF THANKS.** We desire to thank our neighbors and friends for their kindness during the sickness and death of our brother, also for their nice floral offerings. Frank Barcus, Sisters and Brothers.

**In Remembrance** Of our dear daughter and sister, Lizzie M. (Holler) Stewart, who died February 18th, 1911.

We had a precious treasure once. She was a joy and pride. We loved her dearly and well. For when our angel sister died All was dark within our home. Lonely and our hearts to-day, For the one we loved so dearly Has forever passed away.

Sadly Missed by Mother and Sister.

From the postscript's point of view it's an ill wind that blows anybody good.

## CAPT. DENNIS FOLEY IS AGAIN ON DUTY

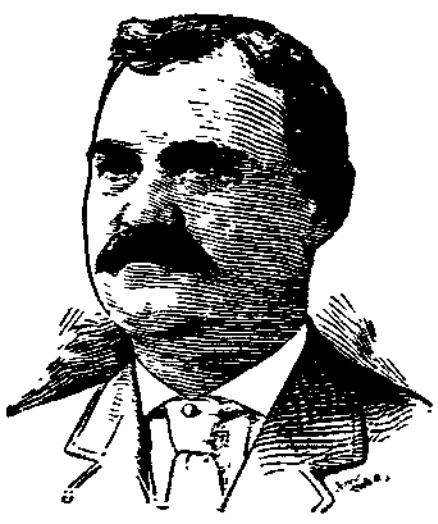

Assistant Fire Chief Dennis Foley went on duty this morning after being off for over three weeks on account of illness, which during that time reduced him in weight about 25 pounds, and for a time threatened to result seriously.

The trouble started with a sneeze, which started most obstinate nose-bleed, lasting a period of days and necessitating the heroic treatment of searing the nasal passages. Symptoms of grip developed, which became complicated with stomach trouble, and a general breaking down.

Outside of being considerably weakened, Chief Foley is beginning to feel like himself again.

## PREFERRED TAILOR TO THE AVIATOR

Chicago, Feb. 18.—A prosaic tailor is a far more satisfactory husband than a nerve-thrilling aviator, according to Mrs. Gertrude M. Sewell-Becker, who declares she much prefers her whole tailor spouse to an aviator who may be scattered over the landscape any day by a fall from the clouds.

Mrs. Sewell-Becker, the widow of a New York broker, admits she loved Robert Roberts, but that when she found he was an aviator who wanted the marriage performed in a biplane away up in the heavens somewhere, she threw him down harder than a falling biplane could. Then she married Harold Becker, an unromantic tailor person.

Roberts "went up in the air" when he heard of the marriage and had Mrs. Sewell-Becker arrested on the charge of larceny, alleging that he had given her \$1200 worth of diamonds and wanted them back. The tailor husband secured bond for the wife.

## SAY GOVERNOR WOULD VETO NEW PEN BILL

Columbus, Feb. 18.—Although members of the legislative pen investigating committee almost to a man believe in the necessity for an entirely new penitentiary, even without further investigation, there is little doubt in their minds but that Governor Harmon would veto any bill to abandon the present antiquated institution.

Chairman Reynolds of the committee says that the brief tour of the pen grounds and buildings made on Thursday had convinced him of the need for a new prison. Reynolds calls the present pen a "rat hole."

"The governor is undoubtedly against the abandonment of the present prison," said Representative Freiner. "I have no doubt but that he would veto any bill we might pass calling for an entirely new penitentiary."

Freiner declared that in such an event the governor would have to shoulder the responsibility in future years if it should then be shown that extensive improvements to the present pen were but a waste of money. He said Harmon would undoubtedly produce figures to prove that the state could save much money by retaining the penitentiary.

"I think, however, that the governor will stand for a farm of considerable size and a stone quarry on which prisoners may work," said Freiner. "Probably that is all we can hope to get just now."

Reynolds said Thursday's pen inspection trip showed at least two things which might be taken as showing bad management by the pen managers. One was that some methods had not been provided to manufacture cell blocks in the prison instead of having them made in Kenton. Another was the purchase of sewer pipe in Cleveland, when the same pipe might have been purchased from the Mansfield reformatory.

The committee is to meet the pen board of managers next Tuesday.

## BUFFALO SKULL

Will Turn Bullet, According to Experience of Old Hunter on the Western Plains.

Alva, Okla., Feb. 18.—"The mind of man can hardly imagine the hardness of an old buffalo bull's skull, with clay and mud imbedded in the wool," said Scott Cummins, an old buffalo hunter. "I came hunting in this part of Oklahoma from Wellington, Kan., when this was still a buffalo range."

"As we drove up on a slight elevation near a sand creek we saw a lone buffalo, a straggler, down the creek. He was feeding quietly, and as the wind was in our favor he did not observe us. We pulled off down into a small ravine that led to the creek. Handing the lines to my companion, who was very deaf, I picked up my Spencer carbine, which had seven cartridges in its magazine."

"I alighted from the wagon and skulked down the swale, and getting down on hands and knees I crawled up through rank tula grass until within about 100 yards of the insupportable animal. Then I took deliberate aim at a point behind his shoulder blade and fired."

"My aim was good and he fell with a thud. Anxious to stick him I started forward. Instantly he was on his feet and coming toward me, jumping stiff-legged in the manner of a bucking broncho. Every hair on him seemed turned the wrong way, he certainly looked vicious."

"Then came my real surprise. When the old bull was about twenty feet from me I cut loose and hit him squarely between the eyes. The fifty-caliber bullet glanced aside and went singing across the hills as if it had struck a chunk of Bessemer steel."

"The bull kept coming and I saw that I was in for a big lot of trouble. I tried vainly to dodge the monster and in a moment he struck me like a battering ram. I have a faint recollection of the ground flying up to hit me. I saw innumerable stars, although it was broad daylight."

"When I regained my senses I saw the buffalo standing within a few feet of me, trembling like a leaf. I grabbed my carbine and fired as quickly as possible and down he came. I surveyed him at a safe distance until confident that he was dead, and then approached cautiously and bled him."

"This was the first wild buffalo my partner had ever seen, and he was wild with delight, though he had not heard the sound of a single shot."

## DYSPEPSIA IS RELIEVED IN FIVE MINUTES

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested, nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leaves nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

The regular meeting last Sunday morning of the Newark Trades and Labor Assembly was very satisfactory. The officers were all present, except two vice presidents, Bro. Conn and Financial Secretary Bro. Allen, the latter reported sick.

The journal of last meeting was approved as read by Secretary Morgan. Communications from Hon. W. A. Ashbrook and Senator Charles Dick were read and receiver and filed. Both communications were very satisfactory. Also a good long letter was read from Harry Thomas, secretary of Ohio Federation of Labor. It was received and filed.

The eight-hour bill for women came up for a long discussion and was referred to the legislative committee, which is as follows: W. M. Morgan, J. H. Sharritt, A. J. Bingham, Fred Rall and Charles M. Edmunds. The committee was in Columbus this week attending the open meeting to discuss the bill.

The campaign for the Constitutional convention was begun last Sunday by speeches and the appointment of the following committee: Bros. Sharritt, Litten, Denelsbeck, Archer, Lowery, Albright, Vine, Mohr, Verhigum, Edmunds, Adams, Lippincott, Stevens, Vollmer, Callahan, Pfeiffer, J. B. Lentz.

By an unanimous vote it was decided our postmaster to close the post-office upon the Sabbath Day for the distribution of mail. We believe the carriers work hard and faithful six days of the week and should have the Sabbath for rest. Mr. Sharritt made a very strong and forceful speech in favor of the motion.

Bros. Rall and Verheigum were appointed on auditing committee and to report at our next regular meeting, Sunday, February 26.

PRESS COMMITTEE.

## TAFT'S BROTHER DEFENDS DIAZ

New York, Feb. 18.—President Taft's brother, Henry W. Taft, has taken up the defense of President Diaz, and the Mexican government. In a speech delivered at the Mexican society's dinner to Joaquin D. Casasus special ambassador from Diaz to this country, Taft "muck-raked" the men who have been "muck-raking" Mexico.

"I hope your country has not been disturbed over this modern American muckraking," Taft said. "It has not done much harm and I know it has not disturbed the Mexican credit. But I do think this society can do a useful service in trying to counteract statements that I know personally are inaccurate."

Judge Alton B. Parker seconded Taft's sentiments. "It is a pity," he said, after reviewing the work of President Diaz, "that a few misguided men in all the millions of Mexico should attempt to undo the great work that Diaz has wrought."

In his reply Ambassador Casasus said "the official relations between my country and yours have never been more friendly than at present."

## Tortured for 15 Years

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." What ever I ate distressed me," he wrote. "I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. It's surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at F. D. Hall's.

## EXPECT CALL FOR HELP FROM CHINA

Washington, Feb. 18.—A loud cry to Uncle Sam for help, in the face of the menacing attitude of Russia, was expected from China today by state department officials. From London comes the proposal that the United States be named arbitrator, but it is yet too early for this suggestion to be considered seriously.

Pending Russia's promised statement of her case, the sympathies of the state department today were decidedly with China. It is felt that it is most inconceivable of Russia to adopt bullying methods toward China at this time, when half of that country is being depopulated by the plague and famine.

## HEADQUARTERS FOR WORKING MEN

(Communicated.)  
At the Board of Trade meeting Thursday night a suggestion was made to establish headquarters for men who are not employed for mechanics and laboring men. I wish to offer to the committee this suggestion:

First—Call it the City Labor Information Bureau. Have it centrally located and have it equipped with necessary heat, light, telephone, lavatory, tables, chairs, benches, writing desks, blackboards, clock, calendars, bulletin board, smoking and reading room and other necessary and convenient things. Then unlock the door and throw away the key.

Second—Have a janitor there as a regulator, an informant and a servant to the public. Do not pay him a salary but let him have free of charge one part of this room to sell papers, books, candy and cigars, also lunch if he so desires.

The place must be kept clean and in a respectable manner and should not be closed day or night. Make the place headquarters for messenger boys. After running 365 days Newark would feel lost without such a place.

Not only would the laboring men receive great benefit but all classes of people can make good use of same. Much more can be said in favor of this project but I mean to be brief with the hope that our Board of Trade will sincerely consider this much needed improvement and will be able to devise a way of financing the proposition, and getting it started at an early date. Such a Bureau would be of inestimable value to both the working men and to people who need the services of mechanics and laborers. J. E. S.

## Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine, it was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients results in producing such wonderful results in curing Catarrh. Send for testimonials free.

## CONG. ASHBROOK UNTIRING FOR THE OLD COMRADES

That the interests of the old soldiers of Licking county and this entire congressional district are being looked after by Congressman W. A. Ashbrook in a manner that is highly satisfactory is evidenced by the hundreds of expressions of commendation from the old comrades that are made every day. Licking county never before had a representative in congress who devoted so much of his time to the interests of the old soldiers as William A. Ashbrook. Every few days word comes from Washington that Mr. Ashbrook has succeeded in obtaining relief for some old soldier. R. C. Bigbee of this city, who was a gallant soldier during the civil war, having served in Co. H of the 142d O. V. I., and also in Co. H, 142d Ind. V. I., has just been notified that Mr. Ashbrook has succeeded in having his pension increased on account of age.

## Girls It's All Up To You Now If You Wish To Live Long

Chicago, Feb. 18.—If members of the fair sex adopt the views of Mrs. Frances Shaw, noted suffragist leader, and discard underwear in an effort to live to be 100 years of age, it is said to be remotely doubtful if any of them will ever confess to being more than 26 when the century mark had been passed.

In a speech before the National Pure Association, Mrs. Shaw said: "I don't want to shock any of the ladies, but I have found that the principal reason why women do not live longer is because they wear heavy, well, underwear. It is far better to wear no underwear at all. I find a gauze vest to be quite sufficient. Underwear does not give the body a chance to breathe. Fresh air is just as necessary to the skin as to the lungs. Every morning I give my body a thorough breathing spell. It refreshes me wonderfully. I'm fifty now and I'll live to be a hundred. Had I known when I was young what I know now, I would have lived to be 150."

## Women to Love Men to Admire Mysteries to Solve

HOW would you like to have George Barr McCutcheon, Conan Doyle, or, perhaps, Irving Bacheller, come into your home to-day and tell you one of his many delightful stories? What could be more fun than to try to solve one of the deep mysteries created by Gaston Leroux or Mr. Doyle?

Around the characters of fiction are woven many entertaining stories. There are lovable women, and men to admire in these novels. Of these characters, many are famous, and their experiences have been shared and enjoyed by thousands. There are more than 500 different titles.

The best works of popular authors beautifully printed and bound in cloth, most of them having covers, jackets and illustrations in full color. Formerly published at \$1.50

With the production of "The Blue Mouse" at the Auditorium Theatre, the Royer company will be presenting a new and original play.

Nancy Royer is a well-known actress, and her company has been successful in many of its productions. The Royer company is now presenting "The Blue Mouse" at the Auditorium Theatre.

## ORPHAN

The Orphan is a play that has been successful in many of its productions. The Orphan is now presenting "The Blue Mouse" at the Auditorium Theatre.

## Near Future Attractions For Auditorium Theatre.

### "THE ROSARY"

I have always believed that the play dealing with the Rosary is one of our most important. It is a play that has been successful in many of its productions.

### "BILLY, THE KID"

Jack London has turned the tide of public sentiment toward western life with his powerful tales of those regions. But nothing from his pen surpasses in pathos and realistic life pictures the situations portrayed in the play at the Auditorium theatre.

The company is headed by Frank Dickson, well supported by a cast of exceptional ability. "Billy, the Kid" has played three consecutive years to crowded houses.

### "THE WOLF"

One of the theatrical season's most important events comes early in the presentation here at the Auditorium theatre, on Saturday, February 25, matinee and night, of the brilliant dramatic success, "The Wolf," a romantic drama of the Canadian Hudson Bay country.

by renowned dramatist, David Belasco. This play has been a success in many of its productions. The Wolf is a play that has been successful in many of its productions.

## Robert Edison Tells of Failings of Young Actors.

Robert Edison, who has been a successful actor, tells of the failings of young actors. He says that many young actors are not prepared for the stage and that they need more training.

acts by Paul Wilcox, was given its first performance in any state at the Court Square Theatre in Springfield, Mass., on February 12 to a large audience. Enriched by stage settings as magnificent and complete in detail as one could wish, and charming music of Massenet and nobly presented dramatically Thais easily won the verdict of "great."

"The Passing of the Third Floor Back" which is now being acted with much success at the Garrick theatre in Chicago by Foster Robertson, will also be on view at the Princess theatre in the same city with Ian Robertson in the role now being assumed by his brother at the Garrick. It is said an English star will support him. "The Passing of the Third Floor Back" is a future attraction at the Auditorium theatre.

Rehearsals for "Rosita," the new comic opera, in which Fritz Scheff is soon to appear under the Shubert management have begun with the first call for the chorus in the beginning of the work on the musical numbers. The music for the comic opera is by Victor Herbert. Book by Katherine Stewart and Joseph Herbert. The production will be staged under the direction of Joseph Herbert.

Charles Frohman has engaged Robert Lorraine for a leading part in his production of "Loaves and Fishes" at the Duke of York's Theatre, London, on February 21. The play is a new farced comedy by W. Somerset Maugham, begun by that playwright during his recent visit to America and finished on his return to England.

Frank J. McIntyre is playing his far-well engagement in James Forbes' comedy, "The Traveling Salesman." Mr. McIntyre will be seen here in the spring in a re-out of Howard Fitzgerald's comedy, "The Snobs," which if it comes up to expectations will be used Mr. McIntyre this coming season as a starring vehicle.

William Henry has been engaged by Henry B. Harris to originate an important part in support of Elsie Ferguson in Charles Nirdlinger's new play, "Dolly Madison."

The following note concerning the popularity of "The Rosary" in Boston will be of interest here as this play will appear at the Auditorium theatre on February 22. Rowland and Clifford's successful play, "The Rosary," has smashed all records for a popular priced attraction in Boston. Opening on Christmas Day at the Globe Theatre the play in Boston was a huge success. In Boston a new record was set for the play. Never before has the Globe Theatre been known to play daily matinees until "The Rosary" was forced to advertise daily matinees last week and again this week owing to the immense suburban patronage.

By an arrangement made this week Miss Annie Russell comes under the management of Liebler & Company for a term of years beginning immediately. It is the purpose of the firm to expand Miss Russell in a series of plays in which the principal characters shall be of the sort with which Miss Russell has been so successfully associated. The first offering will be "The Backstairs" described by the author, George Egerton, as a "delicious comedy" in three acts.

Despite the general agreement of New York's theatrical powerhouses, opinion that Richard "Charadeur," now at the Knickerbocker Theatre, New York, with Maud Adams in the title role, pulls to get attention with anything like the success produced by the author's "Oxygon" production is attracting overflowing audiences at every performance, and could easily run the season out in capacity gatherings.

Managers H. H. Trazee and George W. Lohr, cognized in New York as a production man until they gave the hit town "Madam Sherry," will have three musical shows on Broadway a few weeks hence, when their present

production at the Criterion Theatre of Victor Moore in "The Happiest Night of His Life," commencing February 26th, and Lena Abartland in "Madame Sherry" at the New Amsterdam, will be reinforced by their presentation at the New York Theatre, commencing March 6, of Richard Carle, with Edna Wallace Hopper, in "Jumping Jumps."

"The Blue Bird" craze has now reached a stage in New York and other cities where "Blue Bird" costumes are in vogue for little folk. Copies of the clothing worn by Tyltyl and Mytil in their search for happiness are on sale at all the fashionable shops. It is not uncommon to see several of these youngsters dressed in the latest "Blue Bird" fashion making up for parties at the New Theatre, New York, where the play is being given. "Blue Bird" costumes are already on the press to be distributed for the year 1912.

"The Piety" the Stratford play by Josephine Preston Penhony now being presented at the New Theatre, New York, has been published for the blind. Not long ago several blind persons who had "read" the poem heard the performance and enjoyed it greatly, though they could not see the beautiful stage pictures spread out in front of them.

Much has been said regarding the remarkable voice possessed by Miss Edith Wynne Matillson, of the New Theatre company, New York. Some admirers credit this claim to the fact that the actress began her career in musical plays, and others to training. The mystery was explained by the artist herself, who says that she inherited her voice from her mother, Kate Wynne. Kate Wynne was Welsh and a singer of note. Her daughter Matillson gave her remarkable education via Walter rather than from Edmund.

## FINED \$3 FOR CALLING WOMAN A "SUFFRAGETTE"

New York, Feb. 18.—Whether "suffragette" is a title of honor or something else is a question raised by Magistrate House in fining a chauffeur \$3 for applying the term to Mrs. Katherine Campbell. The chauffeur, James Allen, was in the crowd that collected when Mrs. Campbell remonstrated with the driver of an over-loaded truck. Allen denied that he had called Mrs. Campbell a "suffragette," but the magistrate believed the complainant's story and the prisoner paid his fine.

## REMOVES DANDRUFF

Puts Life Into Faded Hair and Stops Scalp Itch.

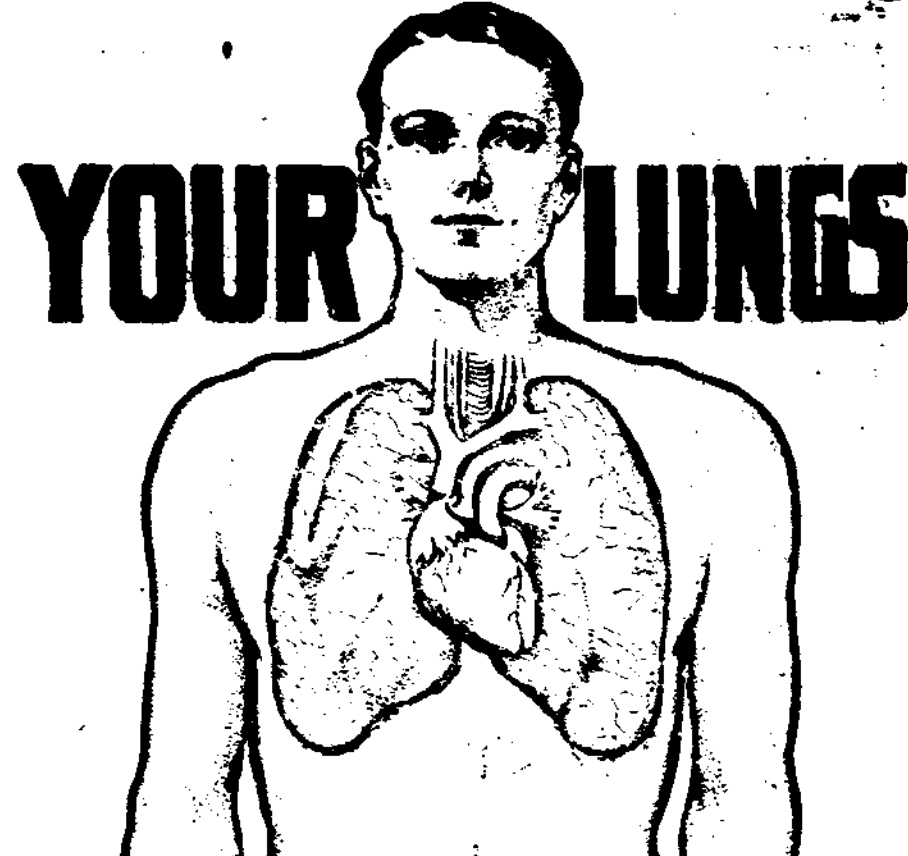

If your hair is dull and lifeless, is falling out and getting thin on top, then you need Parisian Sage, and the quicker you get it, the sooner you will thank Evans' Drug Store for selling you such a worthy, dependable hair grower, dandruff cure and hair dressing.

Read what Mrs. M. A. May, of 167 East Elizabeth street, Detroit, Mich., says on June 6, 1910:

"I have used many hair restorers, but have secured no apparent benefit until I tried Parisian Sage. My hair is soft and shiny, and while before I commenced using the remedy my hair was falling fast, was dry and harsh, and faded, and altogether unlovely, now just within the past few weeks several have remarked how lovely my hair was. It is also fine just for a dressing, leaving the hair soft and shiny. It removes dandruff, and cures itching of scalp. I certainly take pleasure in recommending Parisian Sage."

Parisian Sage is sold by Evans' Drug Store and druggists everywhere. Get a 50-cent bottle today, use it for two weeks, and if you are not satisfied that it will do all that it is advertised to do you can have your money back. The girl with the Auburn hair is on every package.
